Kids Care

Supporting foster care in Bulgaria to provide a safe home environment for children at risk.

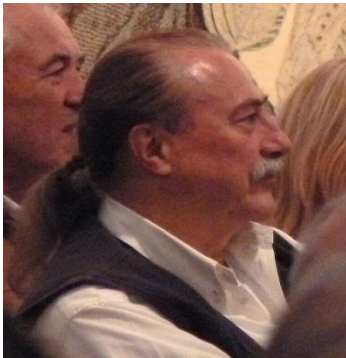

“We care, because Robbie could have been one of those children.....the abandoned children of Mogilino.”

“The first picture is dark grey, like a narrow rubble road at sunset. There are vague voices at the end of a hospital corridor, gossiping: “She flew away just an hour after giving birth. What else would you expect? She’s got ten more on her own. They’re feeding on people’s waste.”

Meet our volunteers

Nikolay Naydenov - Since I can remember I have always helped people – unconditionally, without asking for anything in return. This gives me an exceptional feeling of satisfaction and happiness. I support Kids Care because I truly believe that everyone deserves to have a positive future which is only possible if children are raised in a loving family environment.

I have been doing work for Kids Care since 2013. As an IT specialist and photographer, I am particularly involved in developing and running Kids Care website, video-capturing events and helping the organization grab opportunities offered by the Internet and social media. Working for Kids Care has shown me that we can make a real difference to the lives of the 4 thousand children living in institutions in Bulgaria.

£21,000 target - 28% raised

Currently, there are over 300 children living in institutional homes in Varna and Stara Zagora districts who are waiting to be taken out of the care homes and placed in a safe home environment. Our 2015 goal is to find foster parents for 70 of these children for which we need to raise approx. £21,000!

From everyone at Kids Care and all the children and families that we help – **Thank you!**
